xx.	Teaching Learning Process	**Academic Planning and Implementation:** It starts with academic calendar preparation coherent with the university curriculum. Subject allotment is done based on the subject expertise of each faculty. Class-wise timetable is prepared and disseminated. As an integral part of teaching learning methodology, each faculty prepares a course file, teaching plan and lecture execution plan considering various aspects of course delivery pedagogy. The Head of the Department and Academic Coordinator together follow the execution of academics via Academic meetings. **Course delivery:** Institute has smart classrooms having ICT facilities which complement the teaching learning process. Effective implementation of teaching-learning has succeeded in shifting the course delivery process from being 'Teacher-centric' to being 'Student-centric'. Effective curriculum delivery is ensured through guest lectures, seminars, expert sessions, industry visits, project guidance, technical workshops, soft skills training, **Continuous Internal Assessment:** Well- planned continuous internal assessment is properly documented and disseminated to students. In addition to Mid-term and Term-end assessments which are conducted within semester various assessment methods are implemented for each course. To measure understanding level of every course by the students, regular assignments and tutorials are assign to the students.
